The gaming market

The Problems

1

Centralisation leads to a lack of innovation, accessibility, and transparency. People are at the mercy of the company's policies and practices.

2

Censorship of full ownership.
Users purchase a license to access and play the game.

3

We must abide by the terms and conditions, which may **limit transferring or selling of digital assets**.

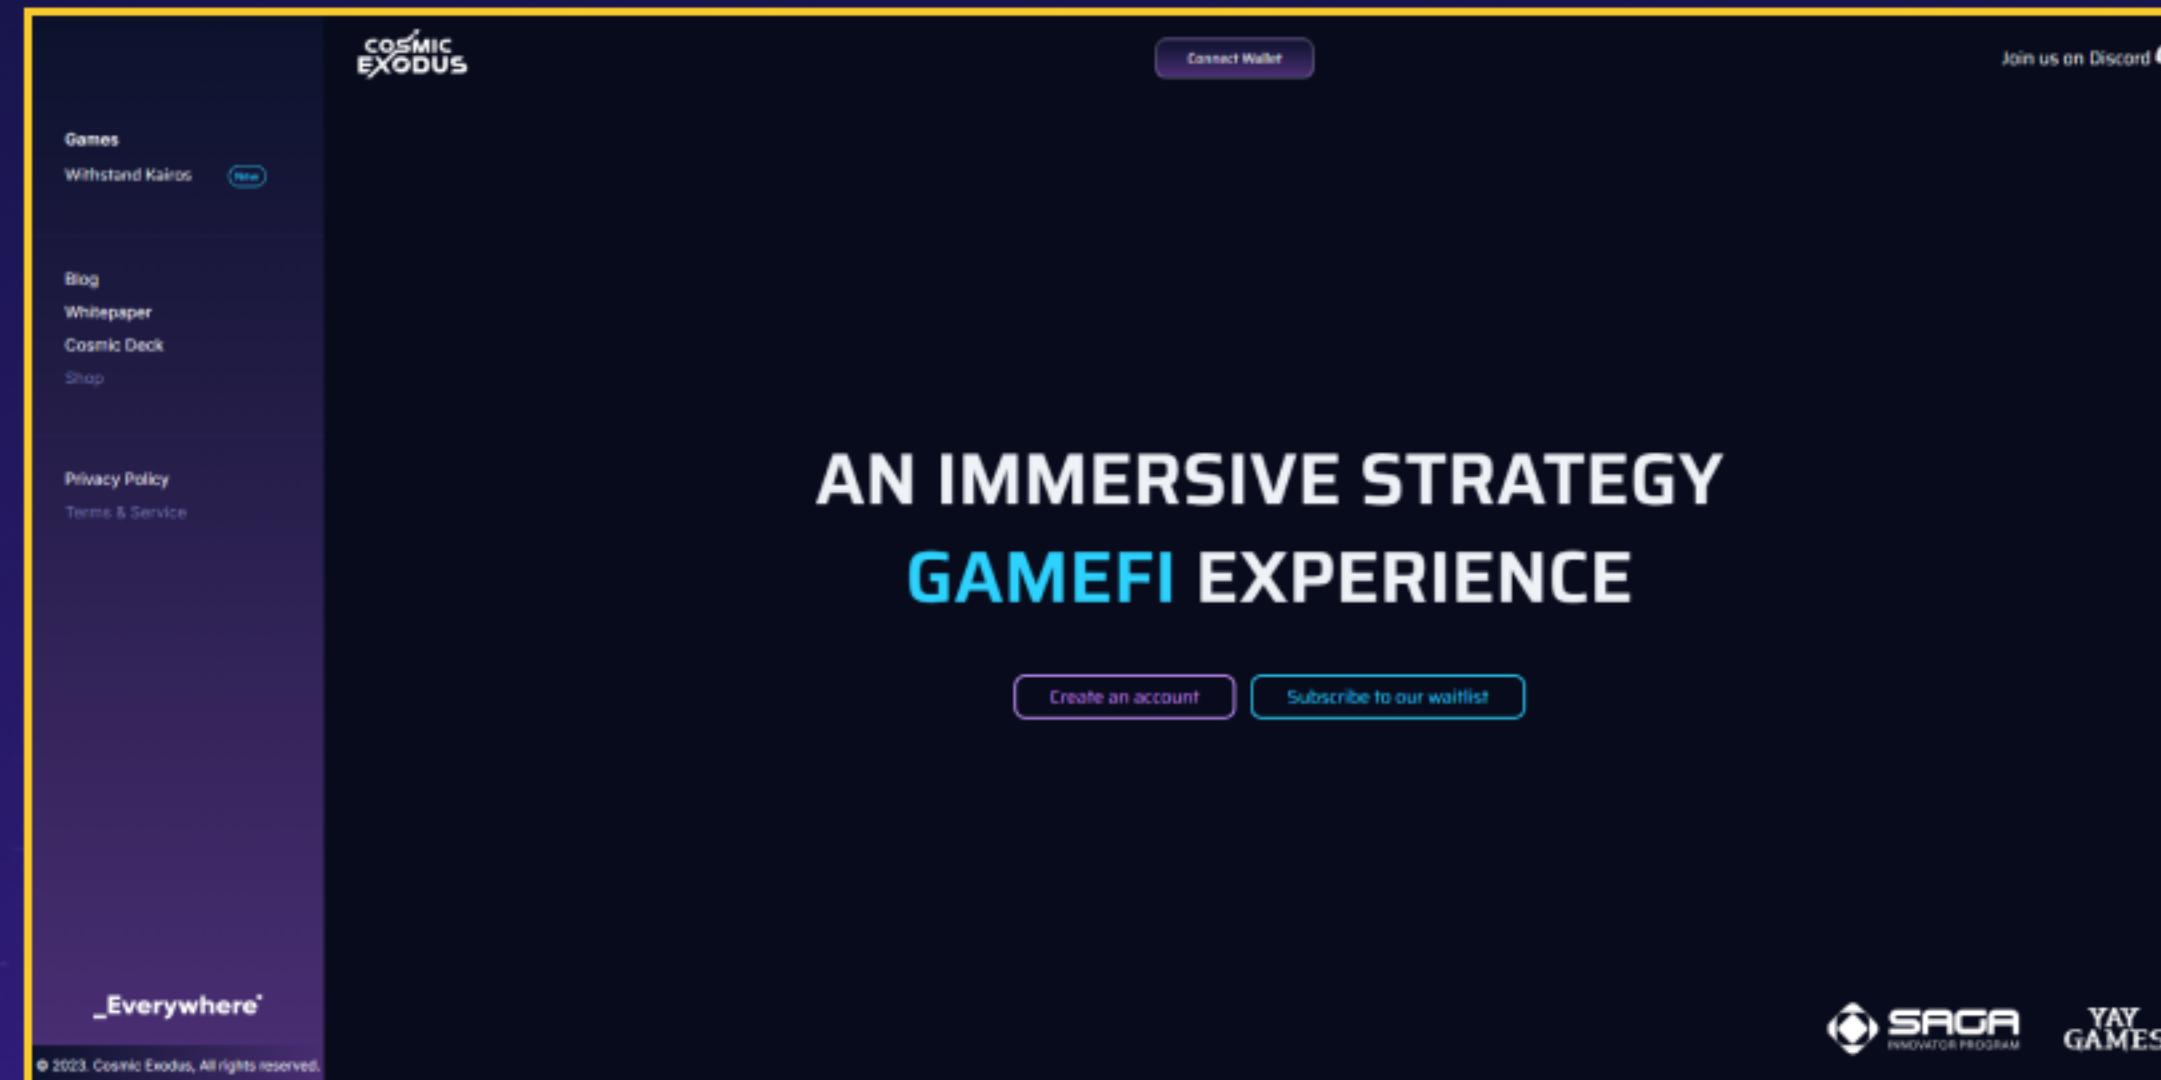

The Solution

Why is the Cosmic Exodus **different?**

- Creation, publishing and distribution of web3 games.
- Free-to-play & skill-based.
- Low barrier to new users
- User-Generated-Content.
- GameFi, Marketplace, DAO, Launchpad, and much more! 

It's an ecosystem designed to **provide all needs in one place.**

WEBSITE

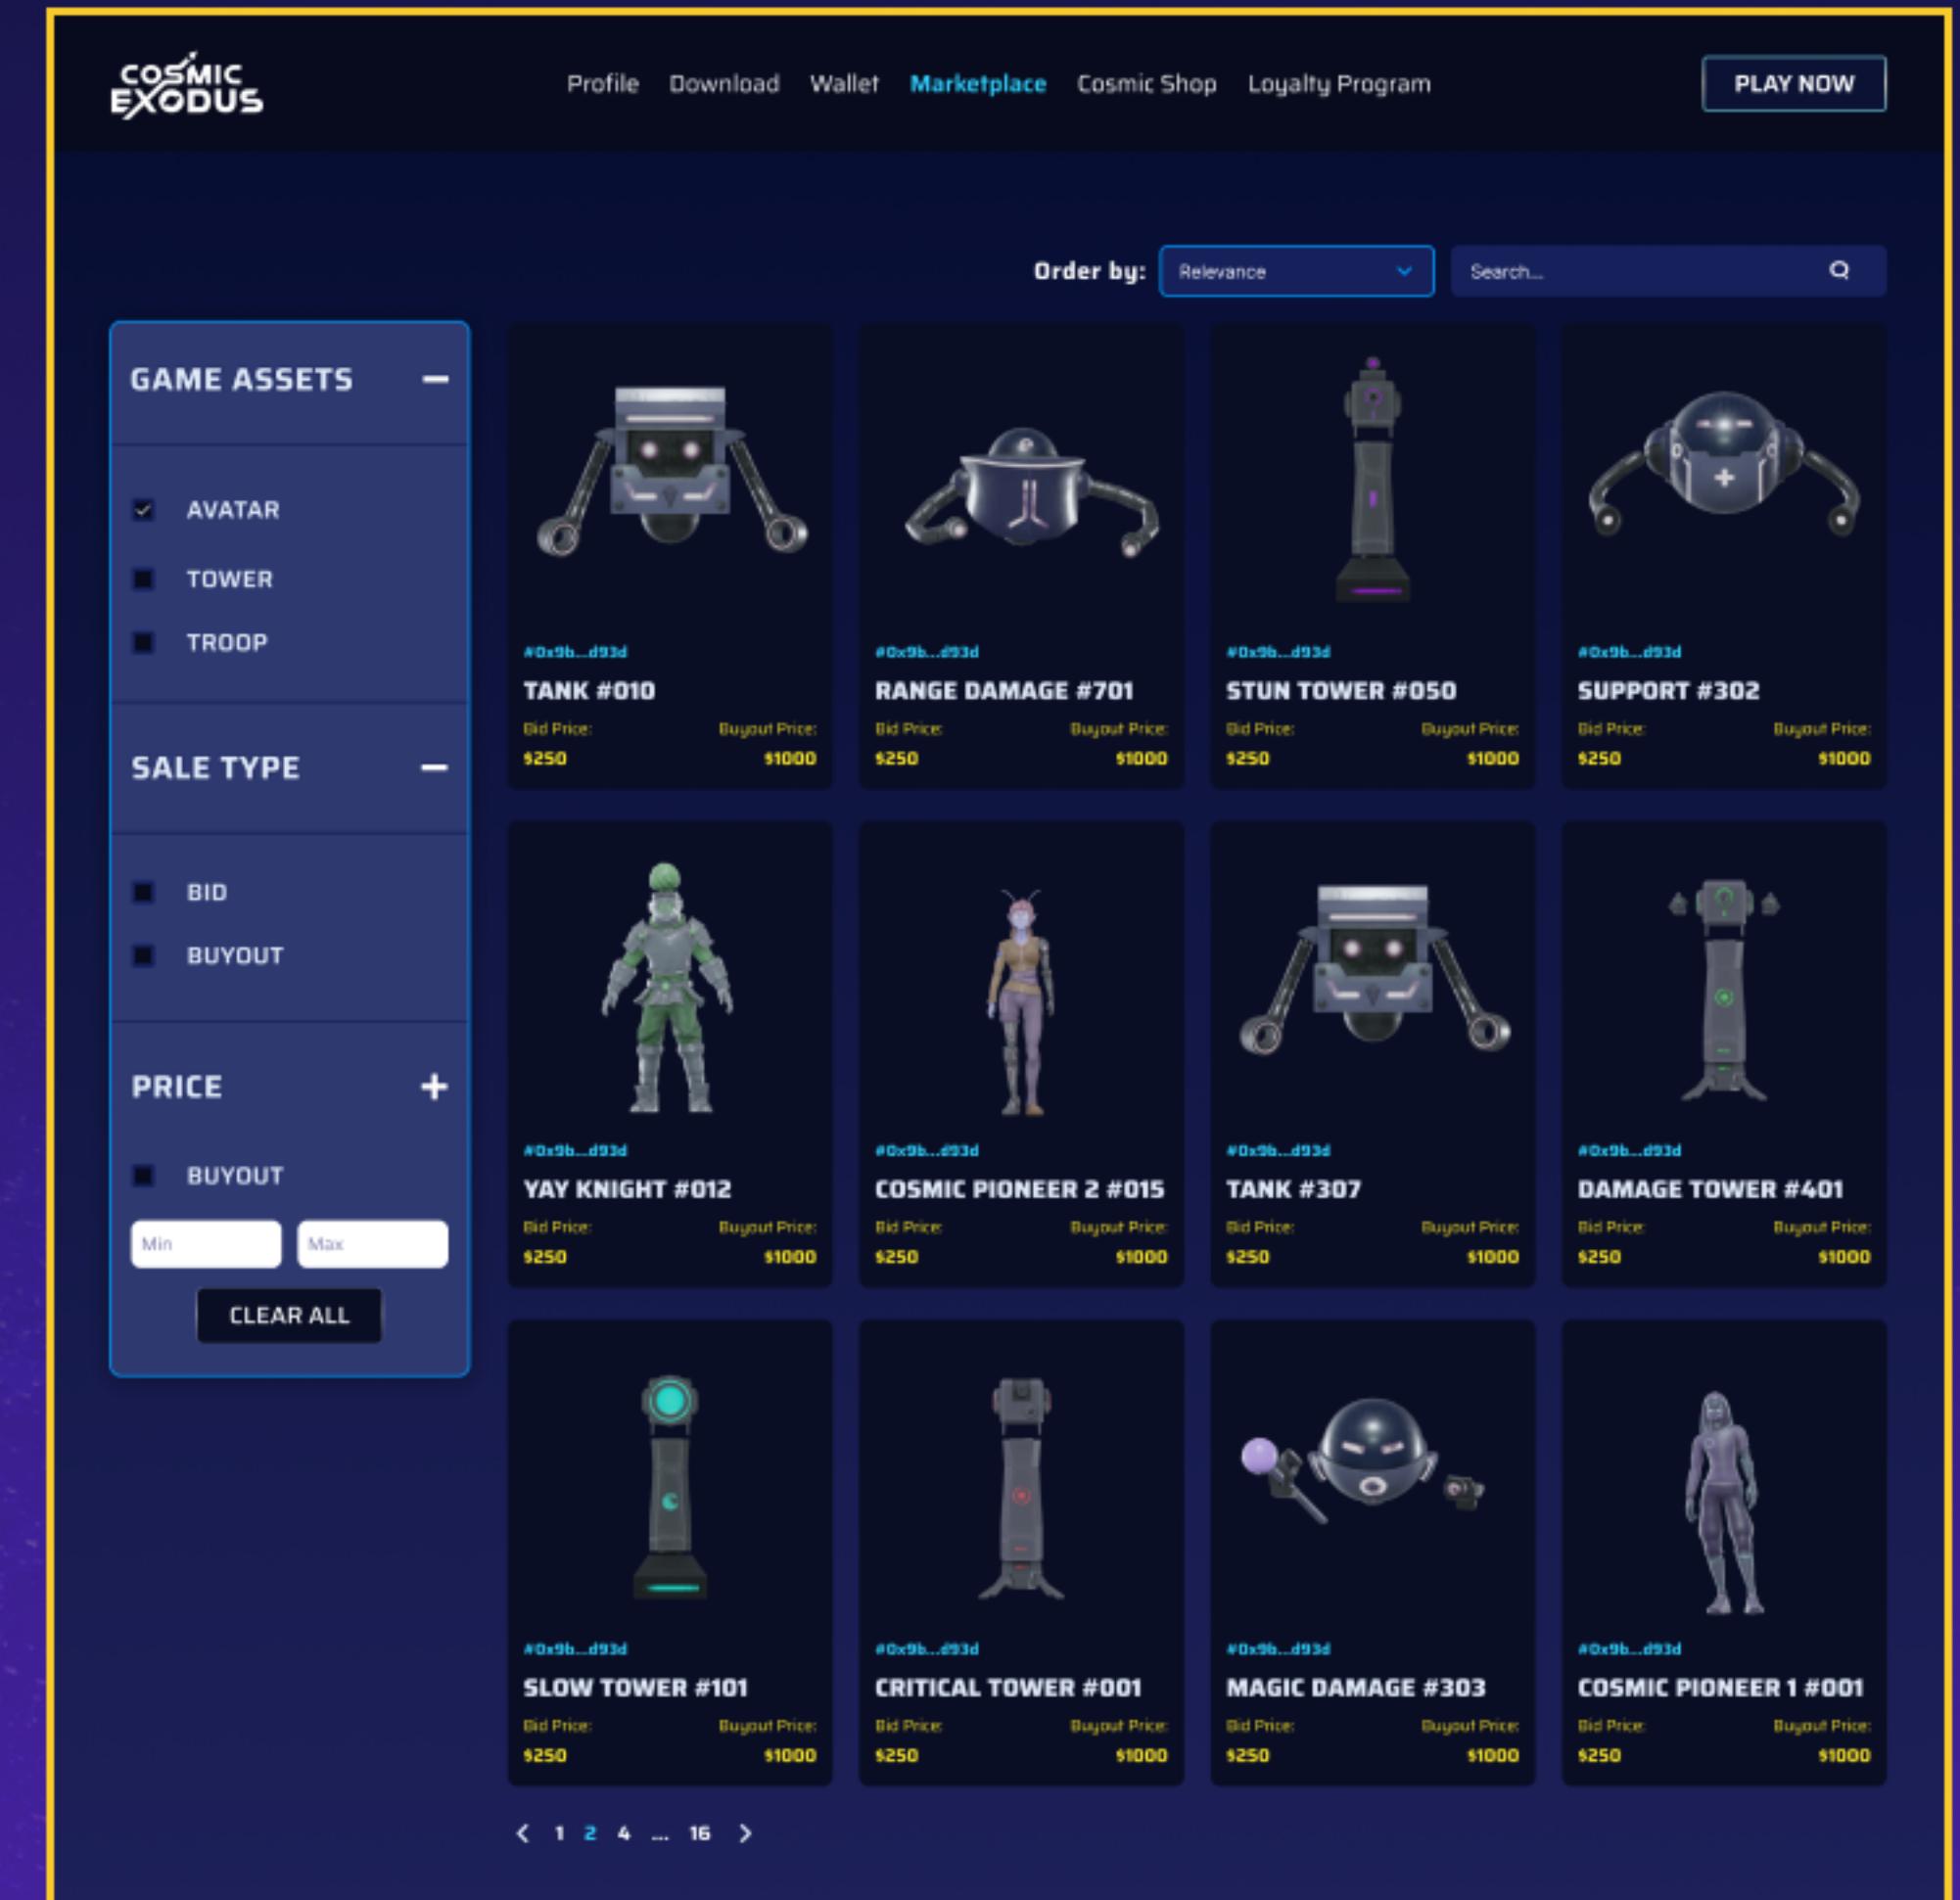

The website homepage features a dark background with a central white text area. At the top left is the "COSMIC EXODUS" logo. To the right are buttons for "Connect Wallet" and "Join us on Discord". Below the logo is a sidebar with links to "Games", "Blog", "Privacy Policy", and "Support". The main text area reads "AN IMMERSIVE STRATEGY GAMEFI EXPERIENCE" in large, bold, white letters. Below this are buttons for "Create an account" and "Subscribe to our waitlist". A small "Everywhere" icon is at the bottom left. The footer contains the text "© 2023, Cosmic Exodus, All rights reserved." and logos for "SAGA INNOVATOR PROGRAM" and "YAY GAMES".

MARKETPLACE

The marketplace interface has a dark theme with a grid of items. At the top right are buttons for "PLAY NOW", "Profile", "Download", "Wallet", "Marketplace" (which is highlighted in blue), "Cosmic Shop", and "Loyalty Program". Below this is a search bar with a magnifying glass icon. On the left is a sidebar with filters for "GAME ASSETS" (checked for AVATAR, uncheckable for TOWER and TROOP), "SALE TYPE" (BID or BUYOUT), and "PRICE" (BUYOUT). The sidebar also includes "Min" and "Max" input fields and a "CLEAR ALL" button. The main area displays 16 items in a 4x4 grid. Each item card includes a thumbnail, name, bid price (\$250), and buyout price (\$1000). The items are:
